Field Trip — Schools visit to Suvarnabumi ...

As part of our English language program we recently took all Prathom 6 children from all five schools to Suvarnabumi airport. The objective of the trip was to show the students the importance of English for their future careers.

The students had a guided tour of all the airport facilities and a visit to the museum, where they were shown the history of civil aviation in Thailand.

Field trips are an effective way to motivate the students and inspire them - to prove a point, we now have several aspiring pilots and air hostesses!

Exam Results...

We are delighted to report that all 54 children who sat their high school entrance exams, passed. This is a great credit to the school directors and their teaching staff.

Special congratulations to Wang Both School who scored first place in Hua Hin District Schools for their year end government English exams and second in Prachuapkirikhan province.

Other News

Healthcare Update - New shirts for all...

Cleanliness is an issue constantly raised at the annual medical check-ups. This is mostly a result of a lack of clean clothing. The Government only fund one school uniform, and many parents are not able to afford any extra clothing. As an initial step to help with this problem we have supplied t-shirts for all children . We intend to expand this part of the program and are currently looking at other clothing items we could supply for the new school term.

As you can see from the picture they are all very pleased with their new shirts!

New Computer Room opened at Nong Kra Toom School...

We have recently installed computers in a purpose built building at Nong Kra Toom School. This new computer center was opened by Dr. Prasit Nookung, Director of Prachuapkirikhan Educational Area 2, and is proving a big hit with all the kids.

Donations Update

Thanks to our wonderfully generous donors, this year we have already received over 4 million baht and have a further 2 million committed.

This income has allowed us to recruit a second full-time English teacher, Marut Wi-boonyasake (Pao). We feel that it is important to have native Thai speakers, such as Nace & Pao, as English teachers to ease communication with both teachers and students. Stay tuned for further enhancements to our English Program!
