## Back To School!

### Not quite what we expected...

Our schools finally opened in January after a 9 month closure. Strict rules and regulations were in place, which meant we could not make use of libraries or computer rooms. Covid testing was a regular activity at the schools, and each time a child tested positive it meant the school had to close for a few days for cleaning. It resulted in schools being closed more than they were open. We continued to feed all the children either at school or home over this period.

Our English team have been busy coming up with innovative ways to conduct online learning via video and have also attended a creativity based learning workshop to obtain new ideas for next term.

# Thank You Asian Tour

Asian Tour Cheque for \$25,000

The Asian Tour were in town in March and chose Bright Dawn to be the first recipient to benefit from the start of the Asian Tour's International Series philanthropy drive.

We are deeply honoured, and extremely grateful to be the first recipients of this new initiative by the Asian Tour.

# Books Support

A huge thank you also goes to Hua Hin International school and the parents who held a book drive for us. They rounded up Thai and English books that were no longer used and donated them to Bright Dawn.

Books are so important for childrens education and these will fill a rather large gap in our school libraries.

# English Collaboration

Nace with Green Lion participants

Our English Program Manager, Nace, recently met up with an organisation, The Green Lion, that organise community engagement through their travel programs. They are running English

summer camps during the government school holidays, and the children from one of our schools are attending.

Nace and Opal, our English team, are helping with the learning materials and giving guidance and support on teaching methods.

Once the new school term gets underway next month, we are looking at continuing the collaboration to provide additional English classes in our schools.

# Donation Update

In 2021/22 so far, we have received B3.5m, which is around 60% of our target for the year. We are very grateful for the loyalty and continued support of all our donors.

In this sadly persistent global turmoil, charitable donations are more uncertain than ever but we fervently hope that those who are able, will continue with their generous support.

# Plans for New Term...

Our new school year starts next month. We are planning to 'finally' start our trial of the Galaxy English software at Nong Hieng school. This is particularly exciting as Nong Hieng has been chosen as the center of excellence for English for their school district

We also plan to conduct medicals at all schools at the earliest opportunity.
